## **Westward Woe Synopsis**

A comic tale of Pirates, captured sailors and soon to be unemployed Santa's Elves makes for a colourfully costumed show with a suitable challenge for students from 6 – 18 years old.

In replicating more contemporary themes, the pirates enter into a coalition, the sailors complain about their pay and conditions and Santa's Elves must travel to Iceland to clean up the Volcanic Ash.

The show, gives each stage's students a significant speaking part with funny one-liners but a sting in the tale (so to speak).

Eventually the pirates coalition flounders leaving the ordinary sailor's and magical Elves to pick up the pieces. A second to none feel-good factor to the piece yet offering a challenge to all stages. And even The Worzels make an appearance.

Detailed Stage Directions have been provided to aid with staging along with tried and tested Song and Dance choices.

There are 17 parts for the Stage 1 Elves, 23 parts for the Stage 2 Sailors and 20 parts for the Stage 3 Pirates.
